

WARRANTY

AMPRO Warranty

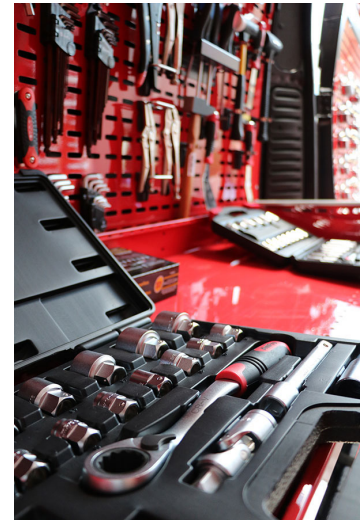

Every AmPro tool user must be completely satisfied. Thus, you can count on AmPro warranties.

Our product warranties constitute an integral part of our commitments and the reputation of our hand tools offer. This is why all our products are tested in extreme conditions and intense use. **We guarantee all our AmPro hand tool products without time limits and all our pneumatic tools for a year** (except if stated otherwise or under abnormal conditions of use).

As such we warranty all AmPro products and parts, aside from the exceptions described below, exclusively to the original retail purchaser to be free of defects in material and workmanship for the life of the products and parts. The life of the products or parts is defined as that point in time when the product or part no longer functions due to normal wear-and-tear.

This warranty offer translates into a tool exchange or repair of defective parts where possible. The warranty does not apply to consumables (cutter, cutter blades and screwdriver pieces) or to suitcases and boxes.

Finally, even though the AmPro hand tools offer, which accompanies you daily, benefits from a total warranty, it's not enough. **AmPro covers its workshop furniture and carts for 5 years.** Safe tools and a guaranteed work environment will allow you to work at peace.

Warranty

conditions :

AmPro tools eligible for warranty must meet certain conditions. Tools not covered by the warranty include those without apparent defects, worn but still functional, rusty, burned, abused, modified, processed, ground, welded, diverted from their normal use, destroyed by negligence or willfully. In order to view more clearly, consult our photo bank of tools taken in warranty
